INTERNSHIP

- **Web Development intern at Prodigy InfoTech (Ongoing)**

PROJECTS

- **Library Management System (Core Python):** The Library Management System is designed to manage and store all data related to the library. The system provides functionalities for adding, deleting, searching, and updating book records.
- **Online Clothing Shop (HTML, CSS, Bootstrap, MySQL, Flask):** Site acts as an interface between user and admin. The user can buy product using this website online.
- **Job Portal (Django):** Developing a job portal that connects job seekers with employers, job search and filtering, profile management, and employer job posting functionalities.

CERTIFICATIONS

- **Power BI (Ongoing)**
- **Full Stack Python Development (25 July 2024):** In Python Full Stack Development, I specialize in Django, Flask, HTML, CSS, JavaScript, and database management for web applications.
- **Core Java (July 2023):** I have gained advanced expertise in object-oriented programming, multithreading, and application design, empowering me to develop robust and scalable Java applications.
